### The Book Presentation

Connor and Kai were arguing. They only had two days until their presentation, and they couldn't agree on a book to present.

"I was reading this one last summer – it's a fairy tale. The plot is ..." started Kai.

"No, no," said Connor. "I don't want to present a fairy tale. What about this musical I was watching last night?" Kai took a deep breath. "But we're supposed to present a book," said Kai. "Not a musical, or a play, or a movie."

But Connor didn't like books. He preferred watching movies.

"I have an idea," said Kai. He took out a book from the bookcase and showed it to Connor.

"I was reading this book last year. Do you remember I was talking about it all the time? It's about a real-life mystery, and there is a documentary about it. You should watch the documentary and see what you think." Connor looked at the cover. He liked mystery movies, and he liked documentaries. He decided to try it.

When Connor came to school the next day, he was smiling.

"I loved the documentary!" he said when he saw Kai. "When I was watching it, I decided to read the book – I was reading it all night!" Connor took out three more books from his backpack and showed them to Kai. "I found a drama about the same story, and there is a cartoon, too!"

Kai was happy they found a book that Connor was interested in. "I think our presentation will be great!" he said.

- 2 Why weren't Kai and Connor happy at the start of the story?
- 3 Why do you think it says, "Kai took a deep breath"?

**My Favorite Movie Scenes**

Welcome again to my movie blog, where I share everything I love (and hate!) about movies. Why don't we get started? Today, I'm talking about my favorite movie scene. Yesterday I was watching a new comedy. My favorite **comedian** was playing one of the characters – he was making me laugh so much! I decided my favorite scene was when the character was whispering a big secret, but a microphone was switched on and everybody was listening! The great thing about this scene was that we were watching the disaster happen, but the character didn't know. Everyone in the movie theater was laughing and shouting at the character – of course he couldn't hear us. I didn't want the movie to end! One thing I didn't like was the other **actors** – they were **acting** badly. But it was still a great film. What about discussing the new **documentary** about a real-life **mystery**? Well, I didn't enjoy it as much as I thought I would. It's great they were trying to **document** an important event, but I didn't feel excited by it. Sure, the plot was **mysterious**, but I didn't understand what was going on. It was strange. By the second half, I wasn't watching anymore. So, those were my thoughts – why don't you write a comment to tell me what you think?

### The Writing Roller Coaster

Storytellers are always finding new ways to tell a story. No matter the genre, writers in the past used the same three-act structure that writers use today. Read and learn more.

#### Act I

In the first act, we met the main character and their world. How was the character living before their journey began? What were their dreams and wishes? This act was like getting ready for an adventure.

#### Act II

In the middle, act 2, there was more action. The main character was facing more obstacles and enemies were appearing. Maybe they were lying on a beach before something terrible happened. In horror movies, the characters were feeling more scared. The tension was rising.

#### Act III

In all the stories, the third act had the most important event. This is called the climax. Singers were singing the most exciting songs in musicals, and cowboys were fighting big battles in westerns. After the climax, came the resolution. That's when we learned how the characters were living after their adventure.

### The School Camping Trip

Riley was feeling nervous about her school's camping trip. She was excited about using her new hiking boots and meeting new friends, but she couldn't sleep. She was thinking about her biggest fear.

Riley's dad was preparing breakfast when she came down the stairs the next morning with her tent and sleeping bag.

"They're going to laugh at me," she said. "They'll know I'm afraid of the dark!" Her dad handed her a climbing helmet. "Why don't you show them your special ability?" he asked.

Riley was always climbing. She started climbing trees when she was three, and she loved it. She was taking rock climbing classes and practiced at the climbing center twice a week. She could climb faster than anyone she knew!

Riley arrived at the campsite and set up her tent. She put on her hiking boots and took her helmet out of her bag. Some of the kids were canoeing and others were hiking. She went with the hiking group and found some rocks. They looked perfect for climbing.

She put on her helmet and ran to the rocks.

She was climbing so quickly. Everyone was impressed! They wanted her to show them how she did it.

Back at the campsite, Riley was so happy. When night came, she didn't even notice the dark.

## Adventures in the Outdoors!

### Outdoor Safety by Sebastian Martinez

Hi, everyone! Today I'm talking about outdoor safety. Last week, we had an outdoor **training** day at the youth center. We learned how to stay safe in the outdoors when **camping**, climbing, surfing, and doing other activities. The trainers' stories were really interesting! While some of us were learning about camping trips and hiking, others were learning about water safety. The trainer said nobody should do an activity without the right equipment, like **hiking** boots or helmets. While the trainer was explaining this, I remembered that when I was younger, I learned mountain **biking**. One day, I was biking down a hill when I fell off! I wasn't wearing a helmet when I fell, so I hurt my head. You should always wear a helmet for mountain biking, climbing, horseback riding, and rafting. The trainer also taught us how to put up a tent. My friend wasn't listening, so he didn't put the tent up properly and it fell down. The trainer told us that once she was hiking and camping in the forest. She was eating hot dogs, when she heard a bear! She ran into the tent and stayed quiet. She wasn't using the flashlight, and the bear didn't see her, so she was safe. It was a great day! We learned important information while we were having fun, and now we can go into the outdoors and be safe!

# Landscapes

A **landscape** is everything you can see outdoors. Read on to learn about the different landscapes we visited this summer.

A **cliff** is where the land stops and there is a drop to the water or land below. While we were looking at the sea from the top of the cliff, I got scared and moved back. Some people were climbing up the cliff with helmets, ropes, and climbing equipment.

Get your hiking boots on and go hiking in the **forest**—a place full of trees! While we were backpacking through this forest in the **mountains**, we saw and heard some wild animals. When we got to the river, we saw some people with fishing rods. Be careful making a campfire in a forest!

**Deserts** are areas with almost no water, so you have to take lots with you! They can be very hot in the day and very cold at night. While we were hiking through the desert, we got very thirsty and we also had to put lots of sunscreen on!

## Present Perfect Simple

We use the Present Perfect to describe experiences or actions that started in the past and continue now. We can also use it to describe actions in the past that have a result in the present. The time the action happened is not specified.

Subject + *Have/Has* + Verb (Past Participle)

✓	I <i>have visited</i> the beach.	He <i>has called</i> the taxi.	We <i>have bought</i> the tickets.
✗	You <i>have not traveled</i> on an airplane.	We <i>have not taken</i> a tour before.	He <i>has not packed</i> his suitcase.

## 2 Read and check (✓) or cross (✗).

- 1 The sentences describe actions that started in the past and have results now.
- 2 They say when the actions happened.
- 3 Evelyn may travel on the subway again in the future.
- 4 It is impossible for Evelyn to go on the railroad.

### 3 Read and complete using the Present Perfect.

I'm so excited about the trip! I <sup>1</sup> have visited (visit) the beach before, but I <sup>2</sup> \_\_\_\_\_ (not travel) with my friends. We <sup>3</sup> \_\_\_\_\_ (book) subway tickets to the terminal, and we <sup>4</sup> \_\_\_\_\_ (print) our tickets for the airplane. My friend <sup>5</sup> \_\_\_\_\_ (not buy) a swimsuit, so we might buy one when we get there. I <sup>6</sup> \_\_\_\_\_ (pack) everything in my suitcase. I'm ready to go. "Hurry up, James!" his mom shouts. "We've called the taxi, but you haven't eaten your breakfast!" James wakes up. It's late!

Leaving the house, his dad says, "Wait! I've forgotten the tickets." James's dad runs back into the house and comes back with the plane tickets.

"I hope the plane hasn't departed by the time we get there," says James.

At the terminal, the family runs to security and presents their passports. But James's face turns pale. "I can't find my passport."

"Maybe you've left it in the taxi," says his dad. He runs outside. "I've found it!" he shouts, running back. They run through security and onto the plane, just in time. James sits back, relaxed.

James and his family arrive at their hotel. But when James opens his suitcase, he is shocked.

### Math: Using Basic Calculations

Imagine you have prepared a trip. You need to know how many people are going, how many days the trip lasts, and how much money to take. For this, you need math. Read to find out how to calculate in different situations.

#### Situation 1: Add

You have prepared a field trip to get away from the city. You have invited 9 kids and 3 teachers. **Add** 9 and 3 to make 12 passengers!

The taxi will take 20 minutes, the subway will take 10 minutes, and the walk from the platform to the terminal takes 5 minutes. **Add** these numbers together = 35 minutes!

#### Situation 2: Subtract

Two people have forgotten their passports, so they can't get through security. You have just lost 2 passengers. **Subtract** 2 from 12. You have 10 people!

You haven't arrived yet, and your friends have just asked how long is left. The plane journey is 3 hours, and you have been on the plane for 2 hours. **Subtract** 2 from 3. One hour left!

#### Situation 3: Multiply

You have just checked in at the hotel, and the teacher needs to pay.

The room costs \$20, and you have booked the hotel for 5 nights.

**Multiply** 20 by 5. The total is \$100.

#### Situation 4: Divide

You have just checked out of the hotel, and you go out to eat. Everyone eats the same food. The bill has come, and the total price is \$50. You want to know how much each person needs to pay. **Divide** 50 by 10. You have worked out that everyone needs to pay \$5.

- 1 To add is to calculate the total of two or more numbers together.
- 2 To subtract is \_\_\_\_\_.
- 3 To multiply is \_\_\_\_\_.
- 4 To divide is \_\_\_\_\_.
- 5 If you have planned a trip with 15 people and you lose 3 travelers, you need to \_\_\_\_\_.

- Changes in Fashion Over the Years
- The History of Gold

2 Why do you think the author wrote this text?

- To entertain the reader.
- To convince the reader to buy more clothes.
- To inform the reader about how fashion changes.

Fashion has changed a lot. Fashion designers think of new designs, and famous people's clothes become popular. We also enjoy old styles that were popular twenty years ago.

### How long have people used rings and necklaces?

Jewelry has been popular for thousands of years. In Ancient Greece, people wore necklaces made of metal and stones. Women in Ancient Greece also wore earrings, bracelets, and rings. Jewelry was made of gold or silver, but not everyone wore jewelry.

### Have people always used combs and brushes?

Combs and brushes have been important for a long time. First, they were made of many materials, like gold, silver, or wood. In 1862, there was an invention: a comb made of plastic. Now, most combs and brushes are made of plastic.

### What materials are clothes made of?

Materials for clothes have changed a lot, too. In the past, people wore clothes made of real fur from animals. Now people protect animals a lot more, so designers have used more synthetic materials in recent years.

## Art and Design

**b**

Clothes design can be very functional. We can design clothes made of warm materials, like wool, to wear in cold weather. Belts made of leather are strong, and umbrellas made of plastic help keep us dry. But fashion isn't just functional.

**c** Fashion shows us how important art is in our outfits. People want earrings and necklaces that match, or rings made of gold and silver. A striped or spotted tie isn't functional, but it helps the person express their personal style.

**d** But how long has art been part of fashion design? The first clothes were only worn to keep people warm and safe. But soon after, people started designing clothes and accessories to look beautiful. Kings and queens wore crowns made of gold and expensive costumes.

**e** Today, some fashion designers and artists work together to make unique accessories. These include belts made of new materials with incredible silk artwork. You can find umbrellas made of plastic with beautiful prints. Even shoe designers add in their own artistic marks.

## 2 Read the text again and answer the questions.

We make designs to help people.
- 2 Why might clothes made of wool be functional?
- 3 What can matching jewelry or a spotted tie express?
- 4 Have clothes always been connected to art?
- 5 Why were the first clothes made?
- 6 How have fashion designers and artists worked together?

## 3 Research and present.

- Fashion designer or brand:
- How long have they been popular?
- What do they make?
- What materials do they use?
- Artistic traits in their designs:

I am going to talk about ...  
This fashion designer makes ...

Goodbye, everyone,  
another year is through.  
Vacations are here,  
with so much to do!

Hope you had some fun,  
and learned a lot, too!  
So thank your teachers  
for everything they taught you.

Goodbye Lia, goodbye Autumn,  
Goodbye Rose and Sophie too!  
Goodbye to Emily. Goodbye to Harper,  
and Emilia, the artist, we'll miss you!

Goodbye Gabriel. Goodbye Layla!  
Goodbye Mia, who designed her own things.  
Goodbye to Riley, James, and Jayden!  
And to Aria and her homemade clothes and rings!

### Another Happy Ending

Yesterday I went to the movie theater to watch a new musical based on the book series by a famous author. The movie was released at the beginning of the year and is very popular. The movie tells the story of a little girl who got lost in a big forest. Some of the animals find her and start taking care of her. She loves the animals, but starts to miss her family back home. She then asks the animals to help her get back home. My favorite character is the mother bear because she is kind and takes care of the little girl like her own child.

I give this musical

What about watching it? I recommend it!

## Four Common Mistakes to Avoid When Doing Outdoor Activities

Doing outdoor activities is a lot of fun, but you should be careful and plan things before each activity. Our readers told us about the mistakes they made, so that we can avoid them.

I once made a mistake during a camping trip. I went **1 camping** by a lake because I wanted to go canoeing. I didn't take my **2** \_\_\_\_\_ because I thought they would have some. But they didn't! That experience taught me to always be prepared and take everything I need. Lesson learned!

Once, while I was rafting, I had an accident. The **3** \_\_\_\_\_ was moving fast down the river when it hit a rock and turned over. I wasn't wearing a **4** \_\_\_\_\_, which almost caused a problem! Luckily, a friend who could swim saved me. Remember to always wear safety equipment. Safety first!

I had a problem when I went camping in the wild. The place was dark, and there were no lights except for the **5** \_\_\_\_\_. At night, I heard an animal noise. When I looked for my **6** \_\_\_\_\_, I realized I forgot to take it! Before going camping, always check that you are taking all the things you need.

I had an accident while I was **7** \_\_\_\_\_. I had never ridden, but I wanted to try because everyone was doing it. Everything was going fine, but suddenly the horse got scared and ran away with me on it! I tried to stop it, but I couldn't. I fell off, but I didn't get hurt. Don't do things you aren't ready for!

### 3 Read the text again and check (✓) the advice given by the readers.

- 1 You shouldn't do activities you aren't ready for.
- 2 You should always wear safety equipment.
- 3 You shouldn't ride scared horses.
- 4 You should take your own sports equipment.
- 5 You should check that you're taking everything you need.

We also like going to the mountains. My parents have <sup>5</sup> [bought](#) a small house there. We keep some clothes and sports equipment there. So when we want to go, we just get in the car and off we go! We've <sup>6</sup> [been](#) come back from a trip to the mountains. We went hiking and fishing. It was great! Oh, and we love exploring new places in our country and in new countries. We've <sup>7</sup> [travelled](#) to a few places in the USA and Europe. We fly on <sup>8</sup> [airplanes](#) to get there. I don't really like going to the airport because there's always a big line for <sup>9</sup> [security](#). And I always get scared when the plane <sup>10</sup> [takes off](#) and lands. But I still think traveling, near or far, is the best way to live your life.
